

RULES OF THE ROAD: I-85 EXPRESS LANES

The I-85 Express Lanes will be open to traffic 24 hours a day, seven days per week. In order for the lanes to operate efficiently, a combination of visual monitoring by GA State Patrol vehicles, video enforcement, invisible barriers, and other technology in the lanes will be used to ensure legal use of the I-85 Express Lanes.

Violations issued by the State Road & Tollway Authority (SRTA) are \$25 plus the amount of the toll. Some violations include:

- Entering or exiting the Express Lanes improperly by crossing the double white pavement striping. Violators will be issued a \$25 violation and could receive an additional citation from law enforcement if they are pulled over (see photos below).
- Using the Express Lanes without a registered Peach Pass transponder.
- Adjusting the toll mode listed on your account to reflect three or more occupants in a vehicle (thus qualifying for toll-free travel) and then driving in the Express Lanes with less than three occupants. In addition to receiving a violation notice from SRTA, motorists will also run the risk of being pulled over by law enforcement and issued a citation.
- Faulty Peach Pass or Cruise Card transponders that do not read correctly may also result in a violations notice being issued. In this instance, customers should contact the Customer Service Center and replace the faulty transponder.

Maintaining the highest levels of safety in the Express Lanes is the highest priority. Traffic conditions will be monitored by the State Road and Tollway Authority (SRTA) in cooperation with law enforcement and the Georgia Department of Transportation (GDOT).
