MEDIA ADVISORY

Peach Pass Signage Installation Begins On GA 400 *GA 400 Toll Plaza Lane Closures Planned February 5-7*

ATLANTA, GA – Weather permitting, from 10:00 PM Sunday, February 5 through 5:00 AM on Tuesday, February 7, the State Road and Tollway Authority (SRTA) will modify existing overhead and toll booth signage located near the GA 400 Toll Plaza area. The work plan requires that southbound and northbound lanes be closed intermittently overnight while the work is underway, significantly impacting traffic flow.

Changes will consist of adding “Peach Pass” to various signs to visually reinforce the fact that motorists can use their Peach Pass or Cruise Card to access the all-electronic toll lanes on GA 400. Work will include modification of three (3) overhead signs on the southbound side and three (3) overhead signs on the northbound side of the Toll Plaza, as well as a total of eight (8) southbound and northbound toll booth signs.

Southbound and northbound all-electronic toll lanes, as well as some cash-only and cashier lanes at the GA 400 Toll Plaza, will be closed at various times, which could impact traffic flow while the work is underway. Motorists should choose alternate routes during the hours of construction.

Lane closures will take place intermittently as follows:

***Sunday, February 5**

Work on Southbound and Northbound overhead signage from 10:00 PM, Sunday to 5:00 AM, Monday, February 6

***Monday, February 6**

Work on Southbound and Northbound overhead signage from 11:00 PM, Monday to 5:00 AM, Tuesday, February 7

**New signs will be installed on toll booths, lane by lane, throughout the weekend.*
